# ABOUT ÉLIOT

Hi, my name is Éliot Grondin and I am a 19 year old Olympic athlete from Ste-Marie de Beauce, Quebec. Since I was young, I dreamed of representing Canada in Snowboardcross. I remember attending the races of Dominique Maltais and other members of the National Team in Stoneham, Quebec. I knew then that Snowboardcross was going to represent my future.

The 2019-2020 season was a season where I was able to gain even more World Cup experience and acquire consistency in the Top 10 on the World Cup circuit. Already, in my third year on the World Cup tour, I earned a silver medal at the Big White World Cup on Canadian soil. In addition, I managed to finish 7th overall in the World Cup Overall Standing, which bodes well for my future in my sport.

Then to kick off the 2020-2021 season, I took 2nd place at the Chiese in Valmalenco World Cup.

I am already in full preparation for the next Olympics cycle. With your support, I can make my dream of winning medals for Canada come true on the World Cup circuit and at the Olympic Winter Games in Beijing in 2022.

When I'm not on my snowboard, you can find me at the gym, on my mountain bike, my road bike, my skateboard, or just outside enjoying the great outdoors.
